Mission

The mission of the Huston-Tillotson Business School is to create an academic and operational excellence environment for its diverse student body by promoting life-long learning, leadership development, entrepreneurial education, global awareness, proficiency in technology use and adaptation, high ethical principles, and community service.

Vision

The School of Business and Technology aspires to be internationally recognized as a School of choice for students of diverse origins and backgrounds.

Core Values

Organizations are measured and judged by the values and principles that guide their practice. The College of Business community shares the following values:

- Integrity
- Diversity
- Excellence
- Accountability
- Leadership
