REAL ESTATE SCHOLARS PROGRAM

SCHOLARSHIP OPPORTUNITIES

“

THE REAL ESTATE PROGRAM HAS PROVIDED ME THE TOOLS TO UNDERSTAND MARKETS, ANALYZE POTENTIAL INVESTMENTS, OPERATE A PORTFOLIO AND MANAGE RISK AS I WORK TO BUILD PERSONAL WEALTH FOR MY FAMILY.

”

Nicolas is the first graduate of the HT Real Estate Concentration. Upon graduation, he will be commissioned as a Second Lieutenant in the Marines. His focus on real estate is to continue the growth of his personal portfolio of residential rental properties to expand his net worth.

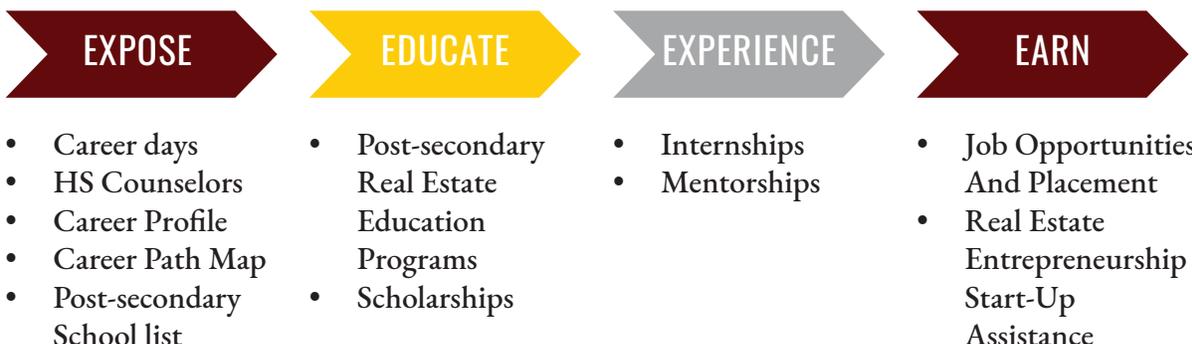

ABOUT THE REAL ESTATE PROGRAM

Huston-Tillotson University (HT) offers a Real Estate Concentration for students in the School of Business and Technology. The concentration prepares students for careers in commercial and residential real estate through coursework, internships and other educational opportunities.

Economically disadvantaged students from diverse backgrounds typically have not entered the real estate industry due to lack of exposure and employment opportunities. The Real Estate Concentration offers practical courses augmented by industry professionals who provide direct, usable knowledge and skills to students that can be applied through internships and jobs at graduation.

Using the HT Approach, we can connect and influence students through each phase.

THE NEED FOR OUR STUDENTS

Currently, the program requires \$150,000 per year to support 10 scholarships and professor salaries. As the program grows, future funding will be needed to expand student participation.
